

The Victoria, one the Vilamoura XXI Programme projects, promises to be one of Europe's best golf courses, combining a stunning layout with a scrupulous environmental protection system. Designed by Arnold Palmer, the "Victoria Clube de Golfe" is an exquisite showcase penned by this legendary player and course designer.

On Vilamoura's most recent course, players will be thrilled to attempt heroic and risky drives flirting with hazards such as waterfalls, lakes and strategically placed bunkers. The Victoria championship class course is also suitable and competitive for amateurs with average handicaps. At "Victoria Clube de Golfe" you will enjoy personalised service and unrivalled features that will put you in a good mood from the time you are welcomed, ensuring you are relaxed for that all important first tee-shot.

With five 18-hole courses and a Golf Academy, playing in Vilamoura is a memorable experience for anyone who takes golfing to heart.
